Amendments to the Specification:

Please replace the paragraph [0033] with the following rewritten paragraph:

-- [0033] Figures 2A to 2H and 2J show a handling device in association with a pen injector intended for the self-administration of a drug, wherein Figure 2A shows the pen injector with the handling device fitted thereto, but before a disposable needle has been mounted on the injector, Figure 2B is a partial sectional view of the assembly of Figure 2A, and Figures 2C to 2H and 2J show successive steps of the use of the injector and handling device to perform an injection.

Note: the capital letter I is not used in the numbering of the Figures, to avoid confusion with the numeral 1. --
